

Want a career that offers challenge and reward? Check out the options in Oil & Gas.

The Australian Petroleum Production and Exploration Association (APPEA) and the Australian Centre for Energy and Process Training (ACEPT) are working together to offer introductory programs designed to attract more women into the nation's dynamic oil and gas industry.

A 12 week Certificate II course has been designed specifically for potential female employees which will be delivered at the ACEPT Campus on Rockingham Road, Henderson and focus on:

- process plant operations
- basic maintenance activities
- safe working practices
- workplace communications

Beginning second semester, 22 July 2008, the course will provide a supportive and structured environment from which to introduce women to the expectations and requirements of the oil and gas industry.

Work placements with oil and gas companies or companies providing contracted services to the oil and gas industry will be a feature of the program.

During the course, APPEA/ACEPT will provide advice and assistance to participants in relation to finding employment, apprenticeships or traineeships in the oil and gas industry.

Essential Criteria

Applicants must meet the following criteria:

- ability to work in a team
- capacity to undertake physical work activity
- technical and problem solving capacity
- good computer skills
- C Grade drivers licence
- have completed at least year 11

Women of all ages and career backgrounds are encouraged to apply at: perth@appea.com.au.

Call now to fast-track your way into one of the nation's biggest and most profitable industries.
