

More options for mature-age men & women in Oil & GAS

Australia's Upstream Oil and Gas industry is on the brink of major expansion and keen to attract mature-age applicants into an exciting new training program.

The Australian Petroleum Production and Exploration Association (APPEA) and the Australian Centre for Energy and Process Training (ACEPT) are working together to offer introductory programs designed to attract more mature age employees into the nation's dynamic oil and gas industry.

A 12 week Certificate II course has been designed specifically for potential mature-age employees. This course will be delivered at the ACEPT Campus on Rockingham Road, Henderson and focus on:

- process plant operations
- basic maintenance activities
- safe working practices
- workplace communications

The course will provide a supportive and structured environment from which to introduce mature-age participants to the expectations and requirements of the oil and gas industry.

Work placements with oil and gas companies or companies providing contracted services to the oil and gas industry will be a feature of the program.

During the course, APPEA/ACEPT will provide advice and assistance to participants in relation to finding employment, apprenticeships or traineeships in the oil and gas industry.

AUSTRALIAN PETROLEUM PRODUCTION & EXPLORATION
ASSOCIATION LIMITED

NOT READY TO RETIRE? Check out the options in Oil & GAS

Australia's Upstream Oil and Gas industry is on the brink of major expansion and continues to provide exciting opportunities for mature-aged employees who want in a career that offers challenge and reward.

Oil and Gas Industry Traineeships

If you're looking for a new direction in your professional life, an Operator Traineeship could be just what you're after.

This dynamic two-year program will provide extensive technical knowledge on hydrocarbon processing systems, along with the skills to operate process facilities and mechanical aptitude in a field support role.

Training will involve both on the job and traditional classroom based learning, specially structured to help men and women of all ages to reach their full potential.

The structured two-year operator traineeship program will commence with a ten week Process Operator Certificate II course at the Australian Centre for Energy and Process Training followed by an employment-based training placement in the oil and gas industry.

Essential Criteria

Applicants must meet the following criteria to qualify for consideration:

- have an ability to work flexible hours including 12-hour shifts under physically challenging conditions
- demonstrated ability to work in a team
- technical and problem-solving capability
- an interest in learning
- proven success in current role / career
- good computer skills
- completed Year 12 or evidence of further study
- hold a current "C" grade drivers' licence
- pass regular drug and alcohol screening tests
- trade or technical skills will be highly regarded

Mature aged men and women of all career backgrounds are encouraged to apply or find out more via e-mail at: perth@appea.com.au.

Applications close ?? June 2008.
